## RO-TAP® SIEVE SHAKER MAINTENANCE

To ensure lasting dependable service, **Ro-Tap®** Sieve Shakers must occasionally be upgraded with parts that are long-wearing, durable, and cost-effective. Maintenance kits are available for the replacement of parts due to normal wear and tear. **W.S. Tyler®** recommends the use of these kits as a means to minimize down-time due to minor repairs. The purchase of a minor maintenance kit is also recommended with each new **Ro-Tap®** Sieve Shaker.
